

NEW

High Volume Heat Pump Compatible Storage Tanks

■ Five-Year Limited Tank Warranty

- Maximizes domestic hot water delivery
- 250/500/750/1,000 gallon capacities
- Available in:
 - *Single Glass Lining*
 - *Double Glass Lining*
 - *Duplex Stainless Steel*
- Works with single and multi pass heat pumps
- Diffuser system maximizes hot water in the tank
 - *Diffuser at cold water inlet at bottom of tank*
 - *Diffuser at hot water outlet at top of tank*
- 3" connections to maximize flow
- Multiple thermal wells for accurate monitoring and control
- R32 insulation to minimize heat loss
 - *Exceeds Seattle Energy Code requirement for storage tank insulation*
- Maximum height of 90" for ease of installation
- Outdoor Rated
- Standard foot lugs for seismic restraint
 - *Lug customization available based on zip code*

Made in the USA
